### Dialog 2

#### **A tour leader is talking about a tourist attraction in Isfahan.**

**Tour leader:** Isfahan is famous for hospitable people and historical places in the world. We are standing in the middle of Imam square. There is a big and old mosque in the southern part of the square. If you look at the left side you can see the entrance of the Bazaar. Bazaar is the Persian word for Market.

There is another mosque here on the right. Ali Qapu is one of the most beautiful mosques with wonderful paintings on the walls. Now, you can visit Bazaar or Imam Mosque or you can go to the Ali Qapu. After three hours, I will see you here at the same place. Good luck!
