The screenshot shows a Windows 7 desktop environment. The Start menu is open, displaying a list of applications including Microsoft Update, 7-Zip, Accessories, Flash Player 9.0 For Win, Foxit PDF Creator, Games, Internet Download Manager, K-Lite Codec Pack, Microsoft Office, Realtek Sound Manager, SharePoint, Startup, WinRAR, and ESET. The ESET Smart Security 5 application is highlighted in the Start menu, and its context menu is open, showing options like Documentation, ESET Smart Security, ESET SysInspector, ESET SysRescue, License agreement, and Uninstall. In the background, the ESET Smart Security 5 interface is visible, displaying the message "Virus signature database is up to date" and "Update virus signature database". The interface also shows the last successful update date as 2013/10/28 06:42:27 and the virus signature database version as 8973 (20131027). The desktop background features a nature scene with a tree and green leaves. The taskbar at the bottom shows the Start button, several icons, and the system tray with the time 11:10 and date 1392/09/28.
