

Lesson 2

Result

Every work has result, good or bad.

We should think before work and do work well.

Hamid and Kashif were two friends;

today they got gifts form school;

gifts were fishes, with different colors.

Kashif put his fish out from water;

the fish started moving fast, in his hands.

Hamid saw this and started to think;

soon he understands, about the result.

He said to Kashif, please put the fish in water;

but kashif liked the fast moving fish;

when his fish died, he became very sad;

but fish can not alive now.

Hamid said him, always think before work;

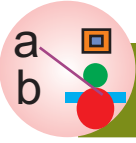

if we see a bad result, take lesson from that;

thinking brings good results.
