2.5	درک مطلب : متن زیر را خوانده و به سوالات زیر پاسخ مناسب دهید. <p>The human body is a real wonder. It is sometimes good to think about our body and how it works. Our body is doing millions of jobs all the time.</p> <p>One of the most important parts of the body is blood. The heart pumps this red liquid around the body. This keeps us healthy and alive. More than half of blood is plasma. This is a clear and yellow liquid. It carries red and white cells. There are millions of red blood cells in one small drop of blood. They carry oxygen round the body and collect carbon dioxide from body parts. There are thousands of white cells in a drop of blood. They are bigger than red cells. They defend our body against microbes.</p> <p>This wonderful liquid is a great gift from Allah. We can thank Allah by keeping our body healthy. One way to do that is eating healthy food and doing daily exercises. Another way is to donate our blood to those</p> <p style="text-align: right;">who need it.</p> <p>1- What color is plasma?</p> <p>a) red                                      b) yellow                                      c) white</p> <p>2- How can we keep our body healthy?</p> <p>a) By eating fast foods                      b) By doing daily exercises                      c) By sleeping late</p> <hr/> <p>1.
