### ❖ Conferences

Conference Name	Date	Cooperation	Axes of cooperation	Country	Area
The 13 <sup>th</sup> International Conference on Informatics, Environment, Energy and Applications	IEEA 2024	Technical Committee & Reviewer	Planning of energy, environmental and ecological management systems	Japan	Tokyo
The 9 <sup>th</sup> International Conference on Sustainable and Renewable Energy Engineering	ICSREE 2024	Technical Program Committee & Reviewer	Energy Efficiency, Green Technology & Eco-Design	France	Marseille
The 10 <sup>th</sup> International Conference on Environment and Renewable Energy	ICERE 2024	Technical Committee & Reviewer	Ecosystems Management, Environmental Planning and ...	Vietnam	Nha Trang
The 3 <sup>th</sup> International Conference on Frontiers of Energy and Environment Engineering	CFEEE 2024	Technical Committee & Reviewer	Environmental Policy, Economics, Planning and Regulation	New Zealand	Auckland
The 9 <sup>th</sup> International Conference on Advances on Clean Energy Research	ICACER 2024	Technical Committee & Reviewer	Fossil fuel power stations with CO <sub>2</sub> sequestration	France	Lille
The International Forum on Applied Science and Engineering	ASFORUM 2024	Technical Committee	Environmental Sciences, Green Sustainable Science & Technology	Italy	Florence
The 5 <sup>th</sup> International Conference on Waste Recycling and Management	WRM 2024	Technical Committee	Circular economy and Materials flow management	Japan	Tokyo
The World Academy of Science, Engineering and Technology (WASET) - Economics and Management Engineering Committee	2022-2024	Editorial Review Boards	Scientific Committees and Editorial Review Boards (Fixed Member)	USA	Chicago
The World Academy of Science, Engineering and Technology (WASET) - Environmental and Ecological Engineering Committee	2022-2024	Editorial Review Boards	Scientific Committees and Editorial Review Boards (Fixed Member)	USA	Chicago
The World Academy of Science, Engineering and Technology (WASET) - Energy and Environmental Engineering Committee	2022-2024	Editorial Review Boards	Scientific Committees and Editorial Review Boards (Fixed Member)	USA	Chicago
The Second International Conference on Frontiers of Energy and Environment Engineering	CFEEE 2023	Technical Committee	Environmental Policy, Economics, Planning and Regulation	China	Beijing
The 8 <sup>th</sup> International Conference on Sustainable and Renewable Energy Engineering	ICSREE 2023	Technical Program Committee & Reviewer	Energy Efficiency, Green Technology & Eco-Design	France	Nice
The 8 <sup>th</sup> International Conference on Advances on Clean Energy Research	ICACER 2023	Technical Committee & Reviewer	Fossil fuel power stations with CO <sub>2</sub> sequestration	Spain	Barcelona
The 12 <sup>th</sup> International Conference on Informatics, Environment, Energy and Applications	IEEA 2023	Technical Committee & Reviewer	Planning of energy, environmental and ecological management systems	Singapore	Singapore
The 4 <sup>th</sup> International Conference on Waste Recycling and Management	WRM 2023	Technical Committee	Circular economy and Materials flow management	Singapore	Singapore
The First International Conference on Frontiers of	CFEEE 2022	Technical Committee	Environmental Policy, Economics,	China	Beijing

Energy and Environment Engineering			Planning and Regulation		
The International Meet on Power and Energy Engineering Congress	PEEC 2022	Scientific Committee	Water & Wind Energy, Renewable Energy Sources & Solar Energy	Denmark	Copenhagen
The 11 <sup>th</sup> International Conference on Informatics, Environment, Energy and Applications	IEEA 2022	Technical Committee & Reviewer	Energy, Pollution and Management & Renewable Energy	China	Xi'an
The 3 <sup>rd</sup> International Conference on Waste Recycling and Management	WRM 2022	Technical Committee	Environmental Pollution, Industrial waste management ...	China	Xi'an
The 10 <sup>th</sup> International Conference on Informatics, Environment, Energy and Applications	IEEA 2021	Technical Committee & Reviewer	Sustainable Development, Pollution prevention in industry & Energy Policy, Planning and Management	China	Xi'an
The 5 <sup>th</sup> International Conference on Humanities and Education With a focus on sustainable development	HE-SD 2020	Scientific Committee & Reviewer	Humanities and Sustainable Development & Helping to create sustainable scientific development	Iran	Tehran
The Global Congress and Expo on Energy Engineering and Power Technology	EEEPT 2020	Organizing Committee	Sustainability Energy in Science, Renewable Energy Resources & Green Energy	Poland	Krakow
The International Conference on Energy Science & Technology	ICEST 2020	Organizing Committee	Sustainable Energy and Fuels, Energy Efficiency & Renewable Energy	Malaysia	Kuala Lumpur
The 9 <sup>th</sup> International Conference on Informatics, Environment, Energy and Applications	IEEA 2020	Technical Committee & Reviewer	Environment and Sustainable Development in Energy Science	Netherlands	Amsterdam
The 3 <sup>th</sup> National Conference on Sustainable Development Management and Accounting Sciences of Iran	SDMAS 2020	Scientific Committee & Reviewer	Sustainable Development (Strategic Management) and Its Role in SD	Iran	Tehran
The World Congress on Bioavailability, Bioequivalence & Business Management	BBBM 2019	Organizing Committee	Industrial Scientists Accepted as a main speaker	UAE	Abu Dhabi
the 6 <sup>th</sup> International Congress on Development and Promotion of Fundamental Science and Technology in Society	STS 2019	Scientific Committee & Reviewer	Human Sciences Axis - Specialist axis of economy	Iran	Tehran
The 5 <sup>th</sup> International Congress on Sustainable Development	SD 2019	Scientific Committee & Reviewer	The axis of economic science and sustainable development	Iran	Shiraz
The 4 <sup>th</sup> International Congress on Sustainable Development	SD 2018	Scientific Committee & Reviewer	The axis of economic science and sustainable development	Iran	Shiraz

## Professional Experience

### 2005 - Current Teaching Experience in University and Private Institution

Teaching various courses in the field of economic sciences

- In Tehran Center, Tehran West and Tabriz branches for universities: **Payam Noor**, **Azad Islamic**, The University of Applied Science and Technology (UAST), Non-Profit Universities, schools, Educational and Research Institutions.

2005 - Current Work as **Economist** in public & private companies and Small & Medium-sized Enterprises (SMEs). Employed as an official employee of the Oil Ministry & cooperation with: Petrochemical Commercial Company (Tehran), Rahavaran Foonon Petrochemical Co. RFPC (Tehran) and Tabriz Petrochemical Company. (Executive positions: head of product warehouses, Senior expert in procurement, quantity and inventory control, expert in management systems, statistics and information.) Description of capabilities based on executive records:

- **Specialized Economic Studies:** Performing a wide range of technical studies in the area of Industry Economics, including: Export Market analysis, Comparative analysis of Netback for industrial products, Consulting on Macroeconomic investments, and Feasibility studies with specialized software COMFAR, Scenario writing, Risk analysis & Returns of economic plans, Marketing and sales of Polymer products and ...
- **Economic Advisor:** Working as a Consultant and Economic analyst, Managing cost savings, Enhancing the Competitiveness of industries, Optimizing packaging principles and Applying color psychology, Optimizing and Facilitating Customs Matters, Setting Standard raw material consumption tables, Market Share consulting and Optimal Market regulation for supply in Domestic Markets and Export to efficient target markets.
- **Insurance:** 5 years' experience of cooperation and representation for Iran Insurance Company and Insurance Advisor & Marketing for Insurance sales to reduce industrial and business risks (based on Incoterms).
- **Mercantile Exchange:** Expert on Acceptance, Pricing and Supply management in Iran Mercantile Exchange.

---

## Membership in Scientific Societies

---

- 2005 - Current Membership in the **Academic Elite and Talent** (graduates) of the **Oil Ministry**, Tehran, Iran.  
Achieving economic development in oil-based downstream industries.
- 2019 - Current Membership in the **Iranian Association for Energy Economics (IAEE)**, Tehran, Iran.  
Strengthening international research relationships between energy economics researchers and collaborating with relevant executive bodies.
- 2023 - Current Membership in the Scientific Association of **Environmental Education and Sustainable Development (EESD)**, Tehran, Iran.  
Environmental protection in the process of development and implementation of sustainable development in the country
- 2022 - Current Membership in the **World Academy of Science, Engineering and Technology (WASET)**, Chicago, USA. Cooperation as Scientific Committees and Editorial Review Boards (Fixed Member) in three (Energy & Environmental Engineering, Environmental & Ecological Engineering, and Economics & Management Engineering) committees.
- 2023 - Current Membership in the World Economic Forum (**WEF**) - Davos Summit, Cologne, Switzerland.
- 2023 - Current Membership in the **International Economic Association (IEA)**, Barcelona, Spain.
- 2023 - Current Membership in the **Economic Science Association (ESA)**, Tuscaloosa, USA.
- 2023 - Current Membership in the **American Economic Association (AEA)**, Nashville, USA.
- 2019 - Current Membership in the **National Association for the Protection of Consumer Rights**, Tehran, Iran.  
To safeguard consumer Rights and analyze Economic problems.
- 2019 - 2021 Membership in the Islamic Economics Association of Iran, Tehran, Iran.  
To promote international scientific research and engagement with Islamic Economics Theorists.
- 2019 - 2020 Membership in the Iranian E-Commerce Scientific Association, Tehran, Iran.  
To improve, promote and strengthen the scientific E-Commerce in Commercial Affairs.
- 2007 - 2010 Membership in the Iranian Society for Advancement of Industry Academia Collaboration, Tehran, Iran.  
Expand scientific Collaborations and facilitate targeted Employment.
- 2004 - 2009 Membership and scientific activity in the Young Researchers and Elite Club, Tabriz, Iran.  
To conduct extensive scientific research in the field of Economics and Industry Economics.

---

## Scientific background in academic specialties (Tertiary Education)

---

- 2015 - 2020 **PhD in Economic Sciences** (Miyaneh Branch, IAU, Miyaneh, Iran)
- GPA: **20 of 20** / First rank graduated in faculty
  - The Thesis: High Score (**20 of 20**)
  - «PhD» Thesis Subject: Studying of the oil price effects and energy carriers on Iranian's economy by using Dynamic Stochastic General Equilibrium (DSGE Technique)
- 2004 - 2008 **Master of Economic Sciences** (Tabriz University, Iran)
- GPA: **19.45 of 20** / First rank graduated in faculty
  - The Thesis: High Score (**19.5 of 20**) / Main topic of Thesis: Export-Led Growth Hypothesis in the whole Iran's economy and especially petrochemical industry in Iran
  - «M.A.» Thesis Subject: A study on the impact of export on economic growth of IRAN from supply (during 1966-2005) and demand (during 1973-2005) sides - with an emphasis on petrochemical industry
- 2001 - 2004 **Bachelor of Economics - Theoretical Economics** (Tabriz University, Iran)
- GPA: **18.92 of 20** / First rank graduated in faculty
- 1998 - 2001 **Diploma** in two field (High School in Iran)
- Main Diploma: In **Mathematical Sciences**
  - Second Diploma: In **Computer Programming Sciences**  
Software programs such as: Fox Pro, Pascal, C +, Visual Basic and ...

---

## Scientific background in non-academic specialties

---

- 1999 - Current Non-academic and lateral activities are available on two axes:
- **Focused on Heavenly Religions** (side expertise): As a scholar of religions: Zoroaster, Christianity, and Islam, holding meetings and conferences in Zarathustra, Christianity, the analysis of religions ... (In the current CV (resume), due to focus on the core expertise, nonacademic details are not much discussed.)
  - **Focused on Literature, Psychology and Philosophy:** The activities of this sector have been largely discontinued since 2007.
- 2022 **Full published** as a scientific research paper in the *Quarterly Scientific Journal of Research Approaches in the Social Sciences* - Subject: "Investigating the role of moral components, moral intelligence and spiritual insight in the formation of civilized human societies using the scientific and theosophical approaches", Accepted and published in Vol. 8, No. 31, Autumn 2022, PP. 87-100.
- 2017 - 2018 Compilation of the scientific research paper: "Analytical modeling of the role of insight on equilibrium actions using the scientific and theosophical approach"
- Presentation in lecture (As the first speaker) at the National Conference on Ethics and Mysticism in Zahedan, on May 9 & 10, 2018.
  - Getting the top position in the national congress and receive a table and full coin as a prize

---

## Scientific Activities and Awards in academic speciality

---

### ❖ General Awards Due to Researches

- 2024 Selected as "a Special Session chair" on Environment and Sustainable Development at the IEEEA 2024 Annual International Conference, Tokyo, Japan.
- 2023 Selected as Best Researcher, by Iranian Association for Energy Economics  
In throughout the country, Tehran, Iran
- **Receive awards and prizes**
- 2022 Selected as Best Researcher, by Iranian Association for Energy Economics  
In throughout the country, Tehran, Iran
- **Receive awards and prizes**
- 2007 Selected Researcher in Young Researchers and Elite Club  
In State of East Azerbaijan, Tabriz, Iran
- **Receive awards and prizes**
- 2005 Selected as Best Researcher  
In throughout the country, Tehran, Iran
- **Receive awards and prizes**
  - **Send to Mecca**
- 2004 Selected Researcher in Young Researchers and Elite Club  
In State of East Azerbaijan, Tabriz, Iran
- **Receive awards and prizes**

### ❖ Top Scientific Articles

- 2024 **ISI Article** - Full published as scientific research in the *Portuguese Economic Journal* (with **0.40 Impact Factor rate in JCR 2017 list**) located in Germany - Subject: "Energy Carriers Prices in DSGE Model of the IRAN Economy"  
The article is on Revision stage. (Not yet published)
- 2024 **ISI Article** - Full published as scientific research in the *Quarterly Romanian Journal of Economic Forecasting* (with **0.3 Impact Factor rate in JCR 2017 list**) located in Romania - Subject: "Designing a New-Keynesian Comprehensive DSGE Model for Assessing the Direct and Indirect Effects of Energy in the Iranian Economy"  
The article is on Revision stage. (Not yet published)
- 2023 **Full published** as a scientific research paper in the *Quarterly Journal of Economic Research (Sustainable Growth and Development)*, Tarbiat Modares University, Tehran, Iran (With an impact factor of 0.381 and Q1

**rating)** - Subject: "Investigating the Effects of Energy Subsidies on Achieving Sustainable Development using Multiple Attribute Decision Making (MADM) Models and TOPSIS & VIKOR Evaluation Methods - Case Study of Iran, China, India, Saudi Arabia, Russia, Germany, USA and Japan"  
Accepted and will publish in Vol. 22, No. 4, Winter 2023, PP. 1-40.

- 2022 **Full published** as a scientific research paper in the *Quarterly Journal of Economic Growth and Development Research (With an impact factor of 1.5 and Q1 rating)* - Subject: "Investigating the Dimensions of Economic Development in Iran Based on Designing Composite Indicators (CIs)"  
Accepted and will publish in Vol. 12, No. 48, September 2022, PP. 111-130.
- 2022 **Full published** as a scientific research paper in the *Quarterly Journal of Financial Economics and Development* - Subject: "The Effect of Energy Price Shocks on Iran's Oil-centric Economy base on New-Keynesian Modeling Method and Using Dynamic Stochastic General Equilibrium Equations"  
Accepted and published in Vol. 15, No. 57, January 2022, PP. 129-164.
- 2021 **Full published** as a scientific research paper in the *Quarterly Journal of Economic Growth and Development Research (With an impact factor of 1.5 and Q1 rating)* - Subject: "Investigating the Impact of Energy Carrier Price Shocks on Iran's Economics: Dynamic Stochastic General Equilibrium Patterns (DSGE)"  
Accepted and published in Vol. 11, No. 44, September 2021, PP. 85-104.
- 2021 **ISI Article** - Full published as scientific research in the *Nature Environment and Pollution Technology (with 2.24 Impact Factor in ISI (UAE) 2018 & with 0.6 Cite Score rate in Scopus 2020 list)* located in India - Subject: "Causes and Consequences of Reforming in Electricity Production and Consumption Pattern on Promoting Sustainable Development in Iran; An Economic Analysis"  
Accepted and published in Vol. 20, No. 2, June 2021, PP. 517-531.
- 2020 **Full published** as a scientific research paper in the *Quarterly Journal of Economic Growth and Development Research (With an impact factor of 1.5 and Q1 rating)* - Subject: "The Effect of Shocks in Monetary Base and Government Oil Revenues on the Iranian Economy Using Dynamic Stochastic General Equilibrium Modeling Technique"  
Accepted and published in Vol. 10, No. 39, June 2020, PP. 93-112.
- 2018 **ISI Article** - Full published as scientific research in the *International Journal of Economics & Management Sciences*, ISSN: 2162-6359, An open access journal - Subject: "Energy Strategic Planning in Iran within the Framework of Sustainable Development by Using SWOT Technique"  
Accepted August 30, 2018; Published September 06, 2018  
Volume 7 • Issue 4 • 1000537, Doi: 10.4172/2162-6359.1000537, PP. 1-10.
- 2018 **Selected Articles and Superior Rank in International Congress** - Full published and selected as one of the three main articles in congresses and received a prize - Subject: "Challenges and solutions for sustainable development in oil-centric industries in Iran"  
Inserted in the Proceedings of the Congress, Indexing in the Islamic World Citation Database (ISC), Presenting Speech at the 4<sup>th</sup> International Conference on Management, Psychology & Humanities with Sustainable Development Approach, Subordinate of 4<sup>th</sup> *International Congress on Sustainable Development*, on June 20 & 21, 2018, Shiraz
- 2009 **Full published** as scientific extension in the *Journal of Technology and University Extension* - Subject: "A survey of passive self-dependence of Iran petrochemical industry In contrast with systemic view on this industry"  
Accepted and inserted as third article in Second Year, No. 3 & 4, Quarterly Spring & Summer 2009, PP. 21-42.
- 2008 **Training of Strategic Issues** in Iranian Petrochemical Industry - organizer: *Rahavaran Fonoon Petrochemical Co. (RFPC)* - Subject: "Educational seminar on strategic review of self-reliance in the petrochemical industry"  
Specialized Training courses on Strategic Issues in Petrochemical Industries for middle managers and senior petrochemical managers all over the country in Special economic zone, Mahshahr, Iran
- 2008 **Presented and Insert as First Article** in the book of scientific research proceedings of petrochemical industry - Subject: "The effects of liberalization and export growth in the industrial sector of the economy, including the assessment of globalization and liberalization of the petrochemical industry in Iran"  
*1<sup>st</sup> conference on development of petrochemicals downstream and supplementary industries moving from poverty reduction to global competitiveness*, on March 11 and 12, 2008, Tehran, Iran
- 2008 **Selected Articles and Superior Rank in Country Congress** - Full published and selected as top article in congresses and received a prize - Subject: "A study of self-reliance dimensions in Iran petrochemical industry"  
*Eleventh national congress of cooperation between government, academia and industry for national development*, on February 23, 24 and 25, 2008, Tehran, Iran

- 2007 **Selected Articles and Superior Rank in Regional Conference** - Full published and presented as a Lecture and received a prize - Subject: "Investigate the role of information and communication technology in economic development, including describing importance of international coding systems in this regard"  
At the scientific conference of *Regional customs and information technology research* on March 1, 2007 in Iran and Turkey's border zone zero (Mako).
- 2006 **Selected Articles and Superior Rank in National Conference** - In the axis of Economics and Management - Full published and presented as a Lecture and received a prize - Subject: "Performance evaluation of petrochemical industries in Iran (1990-2003) including studying impact of membership in WTO on this industries"  
At the scientific conference of *The 5<sup>th</sup> National Congress of Humanities and Art Sciences of Abadan-khoramshahr University*, on December 20 and 21, 2006, Abadan, Iran
- 2006 **Presented as a Lecture and Published** in the book of scientific research proceedings in Axis of Agricultural Economy - Subject: "The role of the agricultural bank in supporting of Iran's agricultural sector"  
*The Fifth National Scientific Research Congress on Agriculture and Natural Resources*, on September 6 and 7, 2006, Roudehen, Iran
- 2006 **Selected Articles and Superior Rank in National Conference** - In the axis of Economics and Management - Full published and presented as a Lecture and received a prize - Subject: "A survey of Islamic economics, based on perfectionism and scientific approaches"  
At the scientific conference of *The Fourth Scientific National Congress of the Humanities and Arts Sciences*, on February 15 and 16, 2006, Esfahan, Iran
- 2005 **Presented and Published** in the book of scientific research proceedings in Axis of Agricultural Economy - Subject: "Labor productivity in the agricultural sector of Iran"  
*The 4<sup>th</sup> national scientific research conference of agricultural and natural resources*, on November 1 and 2, 2005, Tabriz, Iran
- 2005 **Selected Articles and Superior Rank in International Congress** - First Place in the Domestic and Foreign Axis Economy –Published and Ranked first among 67 domestic and foreign papers presented in the specialty of the economy and received a prize - Subject: "Studies on relation of research with economic systems and its role in progress of economic development"  
Inserted in the Proceedings of the Congress, Presenting Speech at the *First International Congress on Science Development, Software Movement and Free Thinking*, on April 13 and 14, 2005 in Ejlase Saran Hall – Iran International Conference Center in Tehran, Iran
- 2005 **Presented and Full Published** in the book of scientific research proceedings - Subject: "The role of education in creating added value"  
*The national scientific research conference of Value Engineering Conference*, on February 16, 2005, in the Andisheh Hall of Besat Town, Mahshahr, Iran
- ❖ **Other research activities and scientific papers**
- 2020 **Accepted Articles** in the *Global Congress and Expo on Energy Engineering and Power Technology*, Subject: "From Theory to Practice of Energy Strategic Management: A Case Study of Iranian Economy Based on Sustainable Development", Poland, 26 and 27<sup>th</sup> March 2020.
- 2020 **Accepted Articles** in the *International Conference on Energy Science & Technology*, Subject: "Requirements for Implementing Sustainable Development for the Energy Sector in the Iranian Economy", Malaysia, 23 and 24<sup>th</sup> March 2020.
- 2019 **Articles**: "Feasibility study of Acrylonitrile production plan with a capacity of 106 thousand tons in Mahshahr Petrochemical Special Economic Zone using COMFAR"
- 2019 **Accepted for Scientific speech** - Based on research achievements in the field of sustainable development: "Invitation to Speak at the *Eighth Annual International Conference on Energy and Environmental Sciences*", Singapore, 12 & 13<sup>th</sup>, February, 2019.
- 2019 **Articles**: "Feasibility study of 30 thousand tons Polypropylene production plan (in three phases of 10 thousand tons) using COMFAR"
- 2016 **Articles**: "Feasibility study of the production of three-layer polyethylene film with a capacity of 2.4 thousand tons along with sensitivity analysis and design of scenarios in COMFAR software"
- 2011 **Articles**: "Develop a strategy tailored to the economic structure of emerging countries compared to developed countries for 2011"

- 2010 **Articles:** "Specialized analysis of the effects of targeted subsidies on Iran's petrochemical industry"
- 2010 **Articles:** "SWOT analysis of the creation of a free zone between China and ASEAN Free Trade Area on oil developments and income generation of the Iranian economy"
- 2009 **Articles:** "Analysis of the gap between supply and demand for Chinese polymer products with an emphasis on how to strengthen Iran in this market", Due to the importance and practicality of the research, the results of the study in PowerPoint format were presented in the presence of the former deputy Oil Minister (Mr. Nejad Salim) and the main managers of the NPC.
- 2009 **Articles:** "Analysis of the polymer gap between supply and demand in CIS countries, emphasizing how to strengthen Iran in these markets", Due to the importance and practicality of the research, the results of the study in PowerPoint format were presented in the presence of the former deputy Oil Minister (Mr. Nejad Salim) and the main managers of the NPC.
- 2009 **Articles:** "A case study of developments in China's petrochemical industry by entering WTO compared to Iran, including a review of the country's leading economic developments"
- 2009 **Articles:** "Analysis of the effects of the economic crisis on the chemical industry in a wide range of countries, according to the International Monetary Fund and the World Bank"
- 2008 **Articles:** "Applied analysis of the country's currency developments based on creating economic savings for Iran's petrochemical industry"
- 2007 **Articles:** "Analysis of Iran's economic developments and how to develop a strategy to reduce dependence on oil"
- 2006 **Articles:** "Analytical economic project NETBACK; A case study of Iran's petrochemical industry"
- 2006 **Articles:** "Analytical scientific analysis of the developments of the capitalist system"
- 2006 **Articles:** "Gradual release of capital account and how to rebuild the financial sector"
- 2006 **Articles:** "The effect of agricultural liberalization on economic growth within the frame work of sustainable development", The *fifth national scientific research congress on agriculture and natural resources*, Roudehen, Iran.
- 2006 **Articles:** "The Role of the international code (HS Code) in the development of trade in petroleum products", The *fifth Congress of the Humanities and Arts Research*, Abadan and Khorramshahr, Iran
- 2005 **Articles:** "Analytical scientific study of economic corruption in developing countries"
- 2005 **Articles:** "Survey of research on the economic system and its role in economic development", The *First International Congress on Science Development, Software Movement and Free Thinking*, Tehran, Iran
- 2005 **Articles:** "Analysis of the effects of membership in the World Trade Organization on Iran's petrochemical industry"

A wide range of his other articles and studies, including:

- Comprehensive feasibility study, development of scenarios and risk analysis of a wide range of projects, including oil-based projects such as: Darab, Fasa, Jahrom, etc., Petrochemical Company, using COMFAR specialized software.
- Study of the current economic crisis in European countries by dividing crisis-stricken countries into structural subgroups.
- Investigating the economic situation and trade relations of petroleum products between the EU member states and Iran - 2008.
- Expansion of the above-mentioned study for each of the European countries in 2009, especially Spain, Italy, France, Romania, etc.
- Expansion of the above-mentioned study for each of the Commonwealth countries, including: Turkmenistan, Tajikistan, Azerbaijan, Uzbekistan, etc.
- Re-expanding the aforementioned study for Southeast Asian countries, including Vietnam, Malaysia, and even Pakistan, with an economic location approach to establishing sales offices in the face of severe sanctions against Iran over the sale and export of petroleum products.
