

Part two – page 18

– Do the activities A and B [farm animals / wild animals] or [animals living on land / animals living in the sea]

Whale: It is a very large animal which lives in the sea and looks like a fish but is actually a mammal. (A whale blows a jet of spray high in the air)
beached whale =stranded whale

Elephant: It is a very large grey animal with four legs ,two tusks (long curved teeth) and a trunk (long nose)that it can use to pick things up.

Panda: a large black and white animal that looks like a bear and lives in the mountains of China .

Cheetah=a member of cat family that has long legs and black spots on its fur and can run extremely fast

Leopard=a large animal of the cat family with yellow fur and black spots which lives in Africa and South Asia

(A leopard can't change its spots)

Wolf >wolves: a wild animal that looks like a large dog and lives and hunts in groups

(a wolf in sheep's clothing)

Goat: an animal that has horns on top of its head and long hair under its chin , and can climb steep hills and rocks. Goats live wild in the mountains or are kept as farm animals

Billy goat (m)≠**nanny goat (f)**

Wild animals ≠ **farm animals/domestic animals**

Duck: a very common water bird with short legs and a wide beak ,used for its meat , eggs , and soft feathers

A duck quacks /waddles/paddles/dives/bobs

A duck pond: a small area of water where there are ducks

Cat: a small animal with four legs that people often keep as a pet.

When the cat 's away , the mice will play

Tiger: a large wild animal that has yellow and black lines on its body and is a member of the cat family

Proverb : the tiger cannot change its stripes. One can't **change** one's essential nature. For example, He's a conservative, no matter what he says; the leopard **cannot change** its spots.

Lion: A large animal of the cat family that lives in Africa and parts of Southern Asia. Lions have gold-coloured fur and the male has a mane (long hair around its neck (يال

The lion's den : if you go into the lion's den ,you go among people who are your enemies

The lion's share of sth : the largest part of sth [e.g: The firm has captured the lion's share of the UK market.]

oviparous : تخم گذار: an animal , a fish , a bird etc that is oviparous produces eggs that develop outside its body

mammal پستاندار: a type of animal that drinks milk from its mother's body when it is young . humans , dogs and whales are mammals.

Carnivorous گوشتخوار: an animal that eats flesh

(humorous به مزاح) someone who eats meat

Herbivorous: an animal that only eats plants

Vegetarian: someone who does not eat meat or fish

Omnivoros: an animal that is omnivorous eats both meat and plants

For people , interested in everything , especially in all books

An omnivoros reader
