Limit of Liability/Disclaimer of Warranty

The contents of this work are intended to further general scientific research, understanding, and discussion only and are not intended and should not be relied upon as recommending or promoting scientific method, diagnosis, or treatment by physicians for any particular patient. In view of ongoing research, equipment modifications, changes in governmental regulations, and the constant flow of information relating to the use of medicines, equipment, and devices, the reader is urged to review and evaluate the information provided in the package insert or instructions for each medicine, equipment, or device for, among other things, any changes in the instructions or indication of usage and for added warnings and precautions. While the publisher and authors have used their best efforts in preparing this work, they make no representations or warranties with respect to the accuracy or completeness of the contents of this work and specifically disclaim all warranties, including without limitation any implied warranties of merchantability or fitness for a particular purpose. No warranty may be created or extended by sales representatives, written sales materials or promotional statements for this work. The fact that an organization, website, or product is referred to in this work as a citation and/or potential source of further information does not mean that the publisher and authors endorse the information or services the organization, website, or product may provide or recommendations it may make. This work is sold with the understanding that the publisher is not engaged in rendering professional services. The advice and strategies contained herein may not be suitable for your situation. You should consult with a specialist where appropriate. Further, readers should be aware that websites listed in this work may have changed or disappeared between when this work was written and when it is read. Neither the publisher nor authors shall be liable for any loss of profit or any other commercial damages, including but not limited to special, incidental, consequential, or other damages.

Library of Congress Cataloging-in-Publication Data

Names: Lim, Christine C. author.

Title: Small animal ophthalmic atlas and guide / Christine C. Lim.

Description: Second edition. | Hoboken, NJ : Wiley-Blackwell, 2023. | Includes index.

Identifiers: LCCN 2022009609 (print) | LCCN 2022009610 (ebook) | ISBN 9781119804253 (cloth) | ISBN 9781119804260 (adobe pdf) | ISBN 9781119804277 (epub)

Subjects: MESH: Eye Diseases--veterinary | Animals, Domestic | Eye Diseases--diagnosis | Diagnostic Techniques, Ophthalmological--veterinary | Atlas

Classification: LCC SF891 (print) | LCC SF891 (ebook) | NLM SF 891 | DDC 636.089/77--dc23/eng/20220318

LC record available at <https://lcn.loc.gov/2022009609>

LC ebook record available at <https://lcn.loc.gov/2022009610>

Cover Design: Wiley

Cover Image: Courtesy of Christine C. Lim

Set in 9.5/12pt MinionPro by Straive, Chennai, India

This book is dedicated to my mentors, students, colleagues, patients, and especially my family. I am deeply indebted to all of you for your support and for everything you have taught me.

Contents

Preface, xiii
List of abbreviations, xv
Glossary, xvii
About the companion website, xxi

Section I Atlas, 1

1 Orbit, 3

Clinical signs associated with orbital mass effect (neoplasia), 3
Clinical signs associated with orbital mass effect (cellulitis), 3
Clinical signs associated with orbital mass effect (cellulitis), 4
Clinical signs associated with orbital mass effect (cellulitis), 4
Clinical signs associated with orbital mass effect (neoplasia), 4
Clinical signs associated with orbital mass effect (neoplasia), 5
Enophthalmos, 5
Brachycephalic ocular syndrome, 5
Brachycephalic ocular syndrome, 6
Ventromedial entropion associated with brachycephalic ocular syndrome, 6
Ventromedial entropion associated with brachycephalic ocular syndrome, 6
Clinical signs associated with Horner's syndrome, 7
Clinical signs associated with Horner's syndrome, 7
Appearance of Horner's syndrome following application of a sympathomimetic drug, 7
Clinical signs associated with Horner's syndrome, 8
Appearance of Horner's syndrome following application of a sympathomimetic drug, 8
Clinical signs associated with proptosis, 8
Proptosis, 9

2 Eyelids, 10

Normal appearance of punctum, 10
Normal appearance of punctum, 10
Ectopic cilia, 11
Ectopic cilia, 11
Distichiae, 11
Distichiae, 12

Distichiae, 12
Distichiae, 12
Distichiae, 13
Ectopic cilia and chalazion, 13
Facial trichiasis, 13
Lower eyelid entropion, 14
Lower eyelid entropion, 14
Upper eyelid entropion, 14
Lower eyelid entropion, 15
Lower eyelid entropion, 15
Appearance of entropion after temporary correction using tacking sutures, 15
Lower eyelid ectropion, 16
Lower eyelid ectropion, 16
Eyelid agenesis, 16
Eyelid agenesis, 17
Eyelid agenesis, 17
Eyelid agenesis, 17
Eyelid mass, 18
Eyelid mass (Meibomian adenoma), 18
Eyelid mass (Meibomian adenoma), 18
Eyelid mass suspected to be Meibomian adenoma, 19
Eyelid mass suspected to be melanoma, 19
Eyelid mass (Meibomian adenoma), 19
Eyelid mass (plasmacytoma), 20
Eyelid melanocytoma, 20
Chalazion, 20
Chalazion, 21
Chalazion, 21
Blepharitis, 21
Blepharitis, 22
Blepharitis, 22
Blepharitis, 22
Blepharitis, 23
Blepharitis, 23
Blepharitis, 23
Eyelid laceration, 24
Eyelid laceration, 24

3 Third eyelid, nasolacrimal system, and precorneal tear film, 25
Normal third eyelid, 25
Jones test (mouth), 25
Jones test (nares), 26
Scrolled third eyelid cartilage, 26

- Scrolled third eyelid cartilage, 26
- Scrolled third eyelid cartilage, 27
- Prolapsed third eyelid gland (“cherry eye”), 27
- Prolapsed third eyelid gland (“cherry eye”), 27
- Prolapsed third eyelid gland (“cherry eye”), 28
- Prolapsed third eyelid gland (“cherry eye”), 28
- Prolapsed third eyelid gland (“cherry eye”), 28
- Prolapsed third eyelid gland (“cherry eye”), 29
- Superficial neoplasia of the third eyelid, 29
- Superficial neoplasia of the third eyelid, 29
- Neoplasia of the third eyelid gland, 30
- Neoplasia of the third eyelid gland, 30
- Pathologic changes to the third eyelid associated with pannus, 30
- Pathologic changes to the third eyelid associated with pannus, 31
- Pathologic changes to the third eyelid associated with pannus, 31
- 4 Conjunctiva, 32**
 - Normal appearance of the conjunctiva, 32
 - Conjunctival hyperemia, 32
 - Chemosis and conjunctival hyperemia, 33
 - Chemosis and conjunctival hyperemia, 33
 - Chemosis, conjunctival hyperemia, conjunctival follicles, 33
 - Chemosis, 34
 - Chemosis, 34
 - Subconjunctival hemorrhage, 34
 - Subconjunctival hemorrhage, 35
 - Conjunctival follicles, 35
 - Conjunctival follicles, 35
 - Conjunctival follicles, 36
 - Conjunctival follicles, 36
 - Conjunctival thickening associated with infiltrative neoplasia, 36
 - Superficial conjunctival neoplasia, 37
 - Superficial conjunctival neoplasia, 37
 - Superficial conjunctival neoplasia (squamous papilloma), 37
 - Superficial conjunctival neoplasia, 38
 - Superficial conjunctival neoplasia (squamous papilloma), 38
 - Conjunctival neoplasia (mast cell tumor), 38
- 5 Cornea, 39**
 - Superficial corneal vascularization associated with KCS, 39
 - Appearance of a dry cornea due to KCS and concurrent anterior uveitis, 39
 - Appearance of a dry cornea associated with KCS, 40
 - Typical appearance of superficial corneal vessels, 40
 - Typical appearance of superficial corneal vessels, 40
 - Typical appearance of superficial corneal vessels, 41
 - Typical appearance of superficial corneal vessels, 41
 - Superficial corneal vascularization and corneal fibrosis, 41
 - Typical appearance of deep corneal vessels, 42
 - Typical appearance of corneal edema, 42
 - Typical appearance of corneal edema, 42
 - Typical appearance of corneal edema and corneal bullae, 43
 - Corneal melanosis, 43
 - Corneal melanosis associated with pigmentary keratitis, 43
 - Corneal melanosis associated with pigmentary keratitis, 44
 - Corneal melanosis associated with pigmentary keratitis, 44
 - Typical appearance of corneal fibrosis with concurrent corneal vascularization, 44
 - Corneal melanosis and corneal fibrosis, 45
 - Corneal white cell infiltrate with concurrent corneal vascularization and edema, 45
 - Corneal stromal white blood cell infiltrate, 45
 - Stromal corneal ulcer, 46
 - Corneal deposits associated with corneal dystrophy, 46
 - Corneal deposits associated with corneal dystrophy, 46
 - Corneal deposits associated with corneal dystrophy, 47
 - Corneal deposits associated with corneal dystrophy, 47
 - Corneal mineral deposits and keratitis, 47
 - Corneal mineral deposits, 48
 - Corneal mineral deposits and keratitis, 48
 - Corneal mineral deposits and keratitis, 48
 - Predominantly melanotic corneal changes associated with pannus, 49
 - Predominantly melanotic corneal changes associated with pannus, 49
 - Predominantly fibrovascular corneal changes associated with pannus, 49
 - Corneal changes associated with pannus, mixture of melanosis and fibrovascular changes, 50
 - Superficial corneal ulcer, 50
 - Indolent corneal ulcer with fluorescein stain applied, 50
 - Indolent corneal ulcer prior to fluorescein stain, 51
 - Indolent corneal ulcer after fluorescein stain, 51
 - Indolent corneal ulcer, 51
 - Indolent corneal ulcer after fluorescein stain, 52
 - Indolent corneal ulcer after fluorescein stain, 52
 - Deep corneal ulcer, 52
 - Deep corneal ulcer, 53
 - Deep corneal ulcer, 53
 - Deep corneal ulcer, 53

- Deep corneal ulcer, 54
- Deep corneal ulcer, 54
- Descemetocele after application of fluorescein stain, 54
- Descemetocele prior to application of fluorescein stain, 55
- Descemetocele after application of fluorescein stain, 55
- Descemetocele, 55
- Corneal perforation with iris prolapse, 56
- Corneal perforation with iris prolapse, 56
- Corneal perforation with iris prolapse, 56
- Corneal perforation with iris prolapse, 57
- Corneal perforation with iris prolapse, 57
- Corneal perforation with iris prolapse, 57
- Corneal perforation with iris prolapse, 57
- Corneal perforation with iris prolapse, 58
- Melting corneal ulcer, 58
- Perforated melting corneal ulcer, 58
- Melting ulcer with stromal loss and hypopyon, 59
- Perforated melting corneal ulcer, 59
- Dendritic corneal ulcers, 59
- Dendritic corneal ulcers, 60
- Symblepharon, 60
- Symblepharon, 60
- Symblepharon, 61
- Eosinophilic keratoconjunctivitis, 61
- Eosinophilic keratoconjunctivitis, 61
- Eosinophilic keratoconjunctivitis, 62
- Eosinophilic keratoconjunctivitis, 62
- Corneal sequestrum, 62
- Corneal sequestrum, 63
- Corneal sequestrum, 63
- Corneal sequestrum, 63
- Corneal sequestrum, 64
- Corneal sequestrum, 64
- 6** Anterior uvea, 65
 - Normal blue iris (feline), 65
 - Normal brown iris (canine), 65
 - Iris-to-cornea persistent pupillary membranes, 66
 - Iris-to-cornea persistent pupillary membranes, 66
 - Iris-to-iris persistent pupillary membranes, 66
 - Iris-to-iris persistent pupillary membranes, 67
 - Iris-to-lens persistent pupillary membranes, 67
 - Anterior chamber uveal cysts, 67
 - Anterior chamber uveal cyst, 68
 - Anterior chamber uveal cyst, 68
 - Uveal cyst adhered to pupillary margin, 68
 - Uveal cyst adhered to pupillary margin, 69
 - Transillumination of posterior chamber uveal cysts, 69
 - Iris atrophy, 69
 - Iris atrophy, 70
 - Iris atrophy, 70
- Iris atrophy, 70
- Iris atrophy, 71
- Focal iris hyperpigmentation, 71
- Focal iris hyperpigmentation confirmed as melanoma, 71
- Feline diffuse iris melanoma, 72
- Suspected feline diffuse iris melanoma, 72
- Suspected feline diffuse iris melanoma, 72
- Feline diffuse iris melanoma, 73
- Feline diffuse iris melanoma, 73
- Canine melanocytoma, 73
- Canine melanocytoma, 74
- Melanocytic iris mass, 74
- Melanocytic iris mass, 74
- Canine ciliary body adenoma, 75
- Canine ciliary body adenoma, 75
- Classic clinical signs of uveitis, 75
- Uveitis with lipid aqueous, 76
- Clinical signs of uveitis: inflammatory debris in aqueous, hypopyon, 76
- Normal appearance of reflections during ophthalmic examination, 76
- Aqueous flare, 77
- Keratic precipitates, 77
- Hypopyon with concurrent corneal ulceration, 77
- Keratic precipitates, 78
- Hyphema, 78
- Hyphema, 78
- Hyphema and iris bombé, 79
- Hyphema, 79
- Rubeosis iridis, 79
- Iris thickening and focal rubeosis iridis, 80
- Rubeosis iridis, 80
- Rubeosis iridis and keratic precipitates, 80
- Rubeosis iridis, anterior chamber fibrin, and keratic precipitates, 81
- Iris hemorrhage, 81
- Anterior synechia, 81
- Posterior synechia, 82
- Posterior synechia, 82
- Posterior synechia, preiridal fibrovascular membrane, and complete cataract, 82
- Iris bombé, 83
- 7** Lens, 84
 - Nuclear sclerosis, 84
 - Nuclear sclerosis, 84
 - Nuclear sclerosis, 85
 - Nuclear sclerosis, 85
 - Incipient cataract, 85
 - Incipient cataract, 86
 - Incipient cataract, 86
 - Incipient cataract, 86
 - Incomplete cataract, 87

- Incomplete cataract, 87
- Incomplete cataract, 87
- Incomplete cataract, 88
- Incomplete cataract, 88
- Incomplete cataract, 88
- Incomplete cataract, 89
- Incomplete cataract, 89
- Incomplete cataract, 89
- Complete cataract, 90
- Complete cataract, 90
- Complete cataract, 90
- Complete, resorbing cataract, 91
- Incomplete, resorbing cataract, 91
- Incomplete, resorbing cataract, 91
- Complete, resorbing cataract, 92
- Complete, resorbing cataract, 92
- Complete, resorbing cataract, 92
- Complete, resorbing cataract, 92
- Complete, resorbing cataract, 93
- Lens subluxation, 93
- Lens subluxation, 93
- Anterior lens luxation and complete cataract, 94
- Anterior lens luxation and microphakia, 94
- Anterior lens luxation, 94
- Anterior lens luxation, 95
- Posterior lens luxation and complete cataract, 95
- Posterior lens luxation and complete cataract, 95
- Posterior lens luxation and complete, resorbing cataract, 96
- Posterior lens luxation and complete cataract, 96
- 8** Posterior segment, 97
 - Normal canine fundus, 97
 - Normal canine fundus, 97
 - Normal canine fundus, 98
 - Normal canine fundus, 98
 - Normal feline fundus, 98
 - Normal feline fundus, 99
 - Normal feline fundus, 99
 - Subalbinotic, atapetal canine fundus, 99
 - Subalbinotic feline fundus, 100
 - Tapetal hyperreflectivity and retinal vascular attenuation in a cat, 100
 - Tapetal hyperreflectivity and retinal vascular attenuation in a cat, 100
 - Tapetal hyperreflectivity and retinal vascular attenuation in a cat, 101
 - Tapetal hyperreflectivity and retinal vascular attenuation in a dog, 101
 - Tapetal hyperreflectivity and retinal vascular attenuation in a dog, 101
 - Tapetal hyperreflectivity and retinal vascular attenuation in a dog, 102
 - Focal retinal degeneration/chorioretinal scar, 102
 - Focal retinal degeneration/chorioretinal scar, 102
 - Focal retinal degeneration/chorioretinal scar, 103
 - Tapetal hyporefectivity due to hypertensive chorioretinopathy, 103
 - Tapetal hyporefectivity due to hypertensive chorioretinopathy, 103
 - Tapetal hyporefectivity and peripapillary hemorrhage, 104
 - Peripapillary tapetal hyporefectivity, 104
 - Tapetal hyporefectivity (retinal dysplasia), 104
 - Tapetal hyporefectivity (choroidal melanoma), 105
 - Tapetal hyporefectivity (chorioretinitis secondary to blastomycosis), 105
 - Tapetal hyporefectivity (chorioretinitis secondary to blastomycosis), 105
 - Fluid and white cell infiltrate in the nontapetal fundus (chorioretinitis), 106
 - Focal white cell infiltrate (chorioretinitis) and retinal degeneration in the nontapetal fundus, 106
 - Multifocal retinal degeneration in the nontapetal fundus, 106
 - Pinpoint retinal hemorrhage, 107
 - Hemorrhage in the nontapetal fundus, 107
 - Hemorrhage in the tapetal fundus, 107
 - Retinal and vitreous hemorrhage, 108
 - Retinal hemorrhage and detachment, 108
 - Serous retinal detachment and retinal hemorrhage due to hypertensive chorioretinopathy, 108
 - Retinal and vitreous hemorrhage due to hypertensive chorioretinopathy, 109
 - External view of serous retinal detachment, 109
 - External view of retinal detachment, 109
 - External view of serous retinal detachment, 110
 - External view of serous retinal detachment, 110
 - Serous retinal detachment, 110
 - Serous retinal detachment, 111
 - Rhegmatogenous retinal detachment, 111
 - Rhegmatogenous retinal detachment, 111
 - Optic nerve atrophy/degeneration, 112
 - Optic nerve atrophy/degeneration, 112
 - Optic disc cupping in a subalbinotic, atapetal fundus, 112
 - Optic disc cupping, 113
 - Optic neuritis, 113
 - Optic neuritis, 113
 - Asteroid hyalosis, 114
 - Asteroid hyalosis, 114
 - Choroidal hypoplasia (collie eye anomaly), 114
 - Posterior polar coloboma and choroidal hypoplasia (collie eye anomaly), 115

- 9** Glaucoma, 116
 - Typical appearance of acute glaucoma, 116
 - Typical appearance of acute glaucoma , 116
 - Buphthalmos, 117
 - Buphthalmos, 117
 - Haab's striae, 117
 - Haab's striae, posterior lens luxation, 118
 - Haab's striae, corneal edema, 118
 - Haab's stria, posterior lens luxation, 118
 - Posterior lens luxation, 119
 - Anterior lens luxation, 119
 - Optic disc cupping, 119

Section II Guide, 121

- 10** Orbit, 123
 - Diseases of the orbit, 124
 - Brachycephalic ocular syndrome*, 124
 - Horner's syndrome*, 125
 - Orbital cellulitis and abscess*, 128
 - Orbital neoplasia*, 129
 - Proptosis*, 130
 - Further reading, 132
 - References, 132
- 11** Eyelids, 134
 - Diseases of the eyelid, 135
 - Distichiasis*, 135
 - Ectopic cilia*, 136
 - Trichiasis*, 137
 - Eyelid agenesis*, 138
 - Entropion*, 139
 - Ectropion*, 141
 - Eyelid neoplasia*, 142
 - Chalazion*, 143
 - Blepharitis*, 143
 - Eyelid laceration*, 145
 - Further reading, 146
 - References, 146
- 12** The third eyelid, nasolacrimal system, and precorneal tear film, 147
 - Diseases of the third eyelid, nasolacrimal system, and precorneal tear film, 148
 - Third eyelid gland prolapse ("cherry eye")*, 148
 - Third eyelid neoplasia*, 149
 - Nasolacrimal duct obstruction*, 151
 - Tear film disorders—KCS*, 152
 - Qualitative tear film abnormality*, 153
 - Other third eyelid disorders—Pannus*, 154
 - References, 154
- 13** Conjunctiva, 155
 - Diseases of conjunctiva, 155
 - Canine conjunctivitis*, 155
 - Feline conjunctivitis*, 157
 - Conjunctival neoplasia*, 160
 - Further reading, 161
 - References, 161
