Hi. My name is Ramin. I want to talk about Yalda night. Yalda is the longest and darkest night of the year. It is in the last night of Azar. In my family, Yalda Night is very special. My aunt's birthday is in Yalda night. Every year we all go to her house. We have a big party there. We give her a lot of gifts and we sing Happy Birthday song many times. We always eat rice and chicken in Yalda night. That's my aunt's favorite food and my mother makes it. I make tea. My sister makes the cake and my grandmother bakes some cookies. My father reads poems of Hafez. My grandfather tells stories. My sister and I listen to the stories. It is fun. We wear new clothes and eat watermelon and nuts and drink tea. We are all happy.
